CSL's ships on their way to Aliağa

30/09/2015

Brussels, 30 September 2015 - Canada Steamship Lines, division of The CSL Group, has recently sent two bulk carriers - Birchglen and Mapleglen - to Turkey for being responsibly dismantled at a facility in Aliağa.

The recycling is part of CSL's fleet optimisation and capacity management programs. Notably, CSL embraces a rigorous ship recycling policy (http://www.cslships.com/sites/default/files/csl_group_inc_ship_recycling_policy_version_2_1_june_20_2014.pdf); we included the company, thanks to its commitment to clean and safe ship recycling off the beach, on the list of responsible ship owners (<http://www.offthebeach.org/wordpress/wp-content/uploads/2015/09/List-of-responsible-ship-owners.pdf>).
